Spray the wax on to the surface. Use the micro fibre cloth when hand polishing.

Product advantages

- Fast and easy to use
- Leaves a long lasting surface protection

Surfaces

- Clear coats
- Top coats
- Gel coats

Application

- Micro fibre cloth

Product properties

Polish, gloss:

Work instruction

1. Shake or stir polishing compound before use
2. Do not use too much compound at a time. Use a small amount which is consumed on a focused area - less messing and clean up!
3. Clean thoroughly before application
4. Work focused on an area of 40x40 cm at a time
5. Wipe surface with microfiber cloth after application

Technical specifications

Density: ca 1,00 kg/l
Viscosity: ca 170 cP (20°C)
Colour: White
pH: ca 8

Storage recommendations

Recommended storage temperature:
5° - 35° C / 41° - 95° F
Keep from freezing
